WHO WE ARE **BIOMASS** M A G A Z I N E

Biomass Magazine is the No. 1 source for biomass industry news, trends and statistics. Through our print publication and website, we deliver both daily news and in-depth feature articles to our audience of producers, service providers and vendors. *Biomass Magazine* provides producers with the critical information they need to stay competitive and achieve their goals.

Our quarterly print magazine offers readers thoroughly researched, staff-written feature articles, contributions from the industry's most well-known names, and opinion pieces from the advocates the biomass industry looks to for support. Covered topics include finance, policy, regulations, equipment and technological innovations, domestic and international markets, operational efficiency, staffing, safety and more. Meanwhile, the website delivers the breaking and spot news our readers want to digest daily. It's all sent out in the newsletter each Tuesday.

Readers also can stay on top of the layout of their industry, using the annual *Biomass Power & Waste-to-Energy* and *North American Renewable Natural Gas* plant maps. Through incredible effort by our team, we possess the most up-to-date, accurate information on biomass plant capacity, feedstock, location and operational statuses. The map hangs on control room walls all across the country.

Our reach hits all corners of the world, and the global industry converges each year for *Biomass Magazine's* International Biomass Conference & Expo. Boasting nearly 1,000 attendees and 175 trade show vendors, it's the industry's largest event. Regular plant updates, informational webinars and an industry directory round out the biomass industry coverage provided by *Biomass Magazine*. We don't miss a thing.

MULTICHANNEL MARKETING

WHO WE REACH

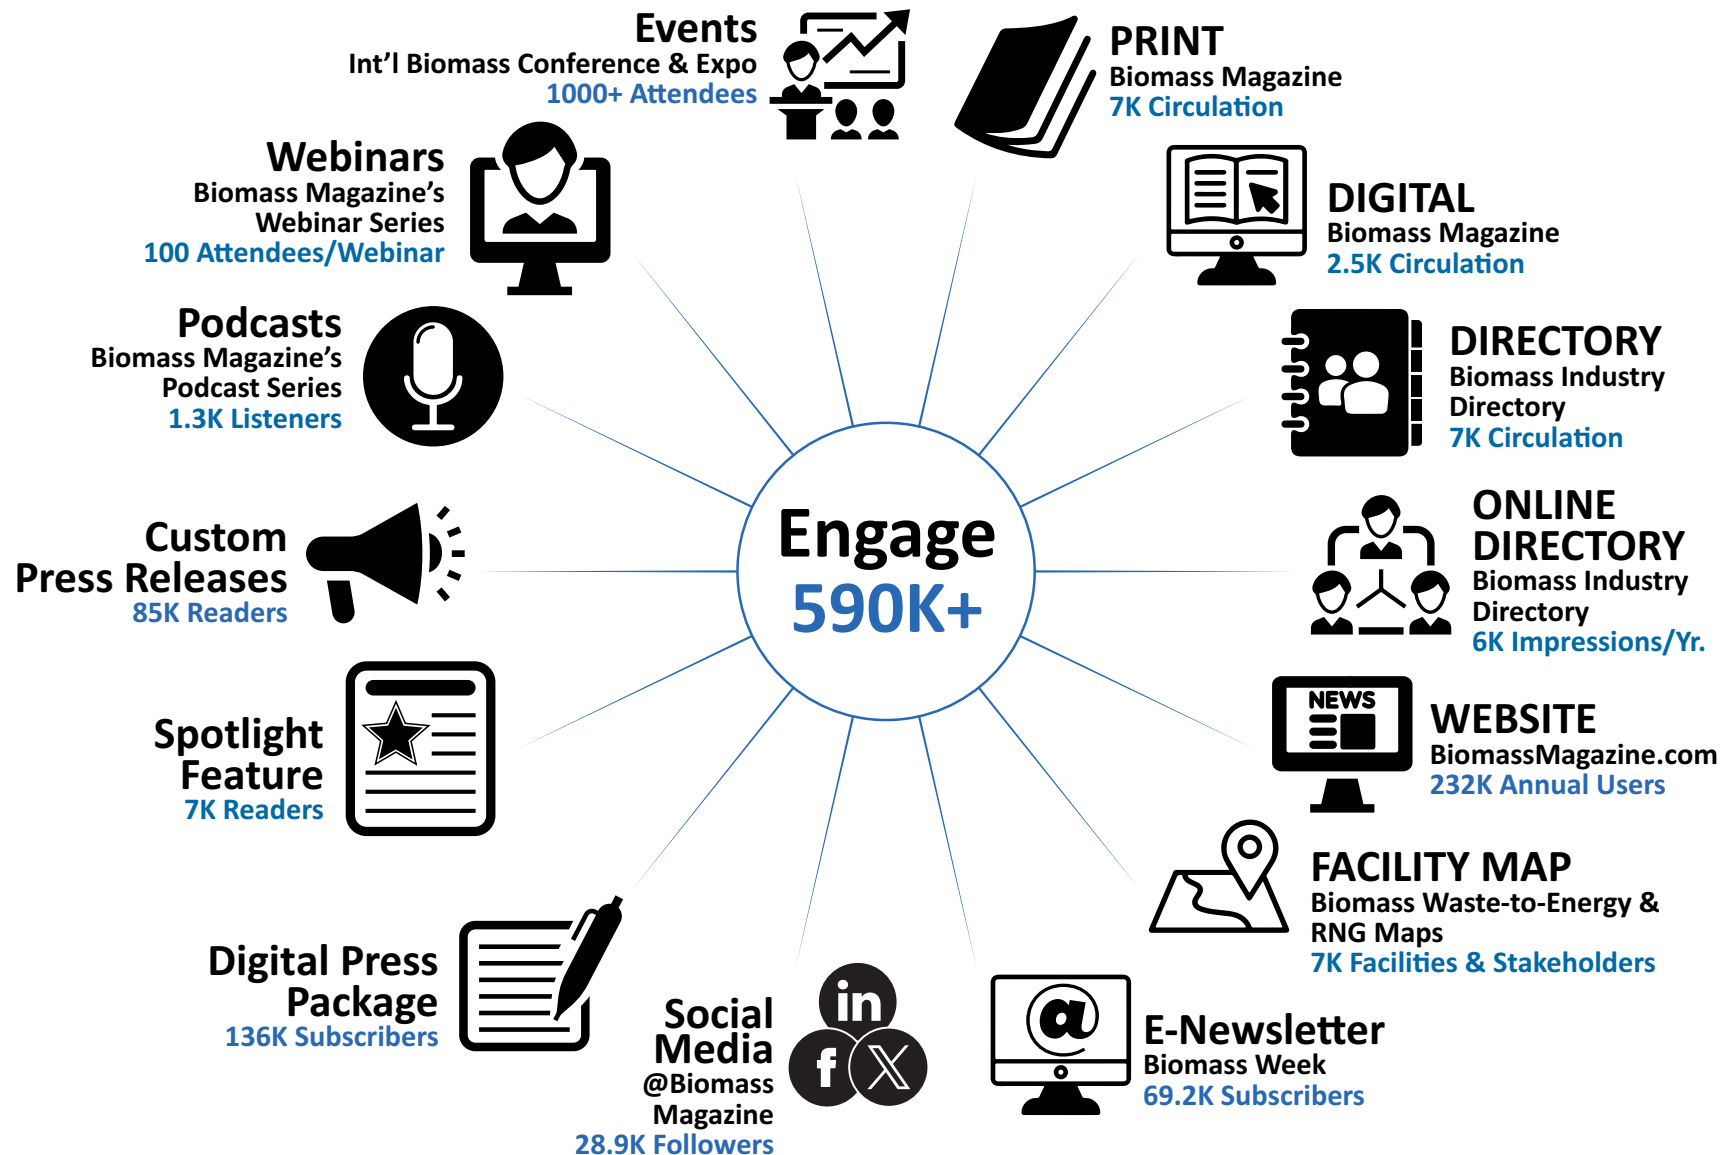

Why B2B Multichannel Marketing is Important:

Broader Reach: Engages audience across various platforms, increasing visibility.

Targeted Messaging: Delivers personalized content to your audience, enhancing relevance.

Increased Engagement: Encourages interaction through multiple channels, fostering deeper connections.

Brand Consistency: Ensures a unified brand message across all channels, strengthening brand identity.

TOP COMPANIES RELY ON BIOMASS MAGAZINE

TO REACH KEY INDUSTRY DECISION-MAKERS

GOOD BUSINESS IS GREEN BUSINESS
Simple Set-Up, Easy Maintenance, Huge Return on Investment

CharBark®

Harvesting forest health takes time and money, but the alternative is even more costly: forest environment. The CharBark, the world's first mobile biochar production system, can help on both fronts and turn unwanted wood waste into nutrient-rich biochar. This valuable soil amendment can either be recycled onsite, enriching soils, or bagged as a product for sale. Go deep into the woods to manage forest growth and mitigate wildfire safety. The self-contained CharBark is easy to maneuver, eliminates wood waste 40x faster than open burns while reducing the particulate matter released significantly. Air Burner® offers the most cost-effective, earth-conscious solution for operations to sustainably manage biomass and reduce waste.

BIOMASS

We Successfully Burn Hundreds of Biomass Fuels...

■ **STEAM BOILERS**

Hurst offers a full line of biomass fired combustion systems based on many decades of innovative clean burn design. Diverses in every way with multi-fuel burning capability. Hurst boilers utilize thousands of consistent and abundant solid biomass fuels. Large or small-scale, proper management of waste will significantly extend installation time required with prefabricated modular components.

Coverwraps Cover wraps are attached to the front of the magazine.

Bellybands Bellybands wrap around the outside of the magazine.

Inserts/Outserts Inserts are stitched into the magazine on 100# stock. Outserts are poly-bagged with the magazine.

PUBLICATION INFORMATION

Publication (Trim) Size: 8.5" x 10.875" (Live Area: 8" x 10.375")
Paper Stock: 70-lb. gloss-coated guts, 80-lb. gloss-coated cover
Method of Printing: Web press, 150 lpi, process color
Binding: Saddle-Stitched **Applications:** Publication is created in Adobe InDesign. PC files.

Ad Placement: Apart from Premium Ads, vertical ads are placed at the outside edge, horizontal ads are placed at the bottom of pages.

Proofs: We do not supply proofs (unless we create the ads)

Storage of Advertisement: 24 months

ARTWORK SPECS

Color: CMYK/process colors only. **NO SPOT COLORS.**

All spot colors must be converted to CMYK. Color quality is not guaranteed if spot colors are used. No built-in black type.

Fonts: Outline or embed all fonts in the PDF

File Format: High-Res PDF

Resolution: Materials must be 300 dpi; submitted at 100% size.

Bleed: Refer to SIZES for the different bleed-size ads. A 1/4" bleed is required for each side that bleeds. **PLEASE CHECK THE LIVE AREA.**

Live Area: To prevent info being trimmed off, all text, logos, etc., must be 1/2" in from the edge of the ad. Registration marks preferred.

PDF Files: Save with all fonts and images embedded. Save without color profiles. Once PDF is created, please check the bleed – see "Sizes" for BLEED specifications. If submitted artwork does not meet specifications a new file will be requested.

Color Profiles: Whenever possible – do not embed or include color profiles.

CREATING ARTWORK

In-house Production: *Biomass Magazine* will create advertisements for clients (3 digital proofs for free, a fee will be charged for additional proofs needed). The advertiser must submit ad copy, plus high-resolution logos and photos. Photos may be purchased for advertisement, but at the client's expense. Submission of materials should be completed at least one month in advance of print run. Call for applicable production fees.

Submitting Artwork

artwork@bbiinternational.com
866-746-8385 for assistance

REGULATIONS

Agency Discounts: Due to the affordable rates offered by *Biomass Magazine*, we do not offer agency discounts.

Invoices: Rendered at time of issue mailing.

Short Rates/Rebates: Advertisers will be short-rated if, within 12 months from the date of the first insertion, they do not use the amount of space upon which their billings have been based. Rates may be adjusted (lowered) during the course of an advertiser's insertion order agreement, if the advertiser has used sufficient additional space to warrant a lower rate than that at which their billing began.

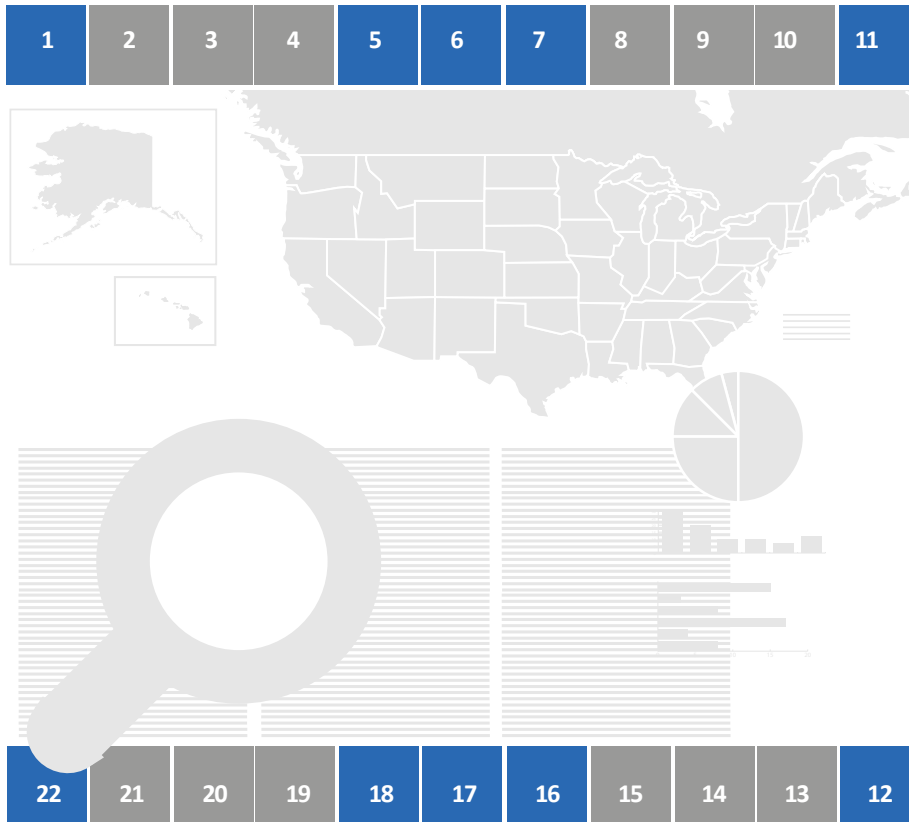

Rate Protection: Rates are effective for all advertisers throughout the duration of this media kit. Rates will never increase during the term of an advertiser's billing agreement, unless the advertiser chooses to change the plan by, for example, increasing the size of an ad.

Publisher's Protective Clauses: Deliberate attempts to simulate editorial format in an advertisement is not permitted by *Biomass Magazine*. The publisher reserves the right to insert the word "advertisement" when, in the publisher's opinion, an advertisement resembles editorial material. Liability for all content of advertisements printed (including text, representations, illustrations or any sketch, map, label, trademark or other copyrighted matter) will be assumed by advertisers and their agencies. The publisher reserves the right to reject any advertising that does not conform to publication standards. *Biomass Magazine* is not liable for delays in delivery and/or non-delivery in the event of an Act of God, action by any governmental or quasi-governmental entity, fire, flood, insurrection, riot, explosion, embargo, strikes whether legal or illegal, labor or material shortage, transportation interruption of any kind, work slowdown, or any condition beyond the control of the publisher affecting production or delivery in any manner. *Biomass Magazine* is not responsible for quality of reproduction when materials received do not conform to specifications or when materials are received beyond closing date.

Cancellations: No cancellations will be accepted after closing dates. Notification of cancellations prior to closing date should be in writing (email or fax acceptable).

Method of Distribution: U.S. Postal Service-Periodical

Subscription Prices: Subscriptions to *Biomass Magazine* are now free of charge to everyone with the exception of a shipping and handling fee for any country outside the United States. Subscriptions are available online at www.BiomassMagazine.com. Please contact our subscriptions department for subscription assistance at (866) 746-8385 or service@bbiinternational.com
