Example of U.S. & Canada Fuel Ethanol Plant Map

Sent to 7,000+ Producers & Ethanol Professionals.

Ethanol Producer Magazine's Fuel Ethanol Plant Map identifies conventional and cellulosic ethanol plants in the U.S. and Canada. Color coded for quick reference, the map indicates both conventional sugar/starch facilities and cellulosic ethanol facilities, showing installed capacity, plants under construction, as well as proposed plants. The minimum size included on the list is 1 MMgy. Listings include name of facility, city, state, feedstock and capacity.

Distribution

Mailed to 7,000+ facilities and industry stakeholders.

- All Ethanol Producer Magazine Subscribers
- All ethanol production facilities
- All major ethanol-related industry events

Following Industry Events:

Summer:

Int'l Fuel Ethanol Workshop & Expo
ACE Conference
North American SAF Conference & Expo
Team M3 Conference

Winter:

Iowa Renewable Fuels Summit
Int'l Biomass Conference & Expo
National Ethanol Conference
Growth Energy Executive Leadership Conference
Plant Manager Meeting
